Introduction

This document provides a detailed explanation and step by step process to activate the phone number (New / Existing) for the WhatsApp account in the Meta Business Facebook account.

Business Accounts (Business Portfolios)

To enable WhatsApp account features, businesses must set up their Business Portfolio, previously known as Business Account, on Meta. Follow these steps:

- 1) Log in to the Business Manager account via <https://business.facebook.com/>.
- 2) Click "Login with Facebook" and enter personal login credentials.
- 3) Click "Create Account" to open the pop-up for creating your business portfolio in Business Manager.
- 4) Provide necessary details and click "Submit."
- 5) Validate the submission through an email sent from Meta to the business email ID.
- 6) Navigate to Business Settings => Security Center => Start verification from the business verification section.
- 7) **Add Organizational Details:**
 - a. Provide Business Legal Name, Address, Business Phone Number, and Website.
- 8) **Select a contact method for verification:**
 - a. Email, Phone call, Text message (SMS), or Domain verification.
- 9) Submit supporting documents (Certificate of Incorporation, Business License, etc.) to verify details.
- 10) Confirm the provided contact method.
- 11) Enter the verification code received via email, SMS, or call.
- 12) The Meta team will review the documents; you'll receive a confirmation email upon verification.
- 13) Check the verification status in your Security Center; the process may take up to 2 working days

Note: Office24by7 is not responsible for WhatsApp Business account verification.

Process of obtaining Green Tick for the WhatsApp Business Number

Get WhatsApp API access

Sign up for the API and Process of Creating a WhatsApp API Account then you'll be up and running on WhatsApp today.

Start sending WhatsApp Messages

Reaching over 1,000 people daily with business-initiated messages increases your chances of being granted the green badge. This shows WhatsApp you're active and serious about your WhatsApp efforts.

Enable two-factor authentication

In your Meta Business settings, turn on two-factor authentication. You must complete this step.

Verify your Meta Business account

To qualify for an official WhatsApp green tick, you'll need your Meta Business account verified too. This is done in the same place as 2FA.

Apply for the green tick through Meta

In your Meta Business Manager go to "Business Settings", then "WhatsApp Accounts" and choose the one you're applying for a green tick for. Click on "Settings" -> "Contact Support" -> "Ask a question" -> "WABiz: Request official business account status". You'll be asked to submit documents and information in support of your application. Make sure you have two-factor authentication enabled.

Documents are required for Facebook Business Verification

1. Business bank statement
2. Business license
3. Certificate of incorporation
4. Goods and services tax registration certificate (GST)

5. Permanent account number card (PAN)
6. Shop establishment certificate, Udyog Aadar (UID) and Utility bill

Eligibility for a green tick on WhatsApp

Know that very few businesses are granted the coveted green tick badge. WhatsApp reserves it for popular brands so don't be discouraged if you get rejected.

Here are the main eligibility criteria — does your business stand the chance to get a green tick?

- Your brand needs to be well-known (WhatsApp loosely defines that as getting news coverage from large media)
- Only businesses allowed, no public figures, e.g. influencers
- Need to be using the WhatsApp Business Platform (API)
- It's better if you're at least on Tier 2 messaging level
